EIGHTEEN-MILE MIDDLE TRUNK SEWER DESIGN

REQUEST FOR QUALIFICATIONS

The Pickens County Public Service Commission Will Receive Qualifications from consulting engineering firms interested in providing design & contract management services for the Eighteen-Mile Middle Trunk Sewer Extension from Eighteen Mile Road to the intersection of Chastain Road at Ruhamah Road. The project consists of boring three roads including US Hwy 123, several creek crossings, & 4.5 miles of 18-inch gravity sewer. Selected firm will be working with extremely tight schedules.

The Professional Services That You Should Consider in your proposal include permitting, engineering, specifications, bid documents, & construction management in order to meet all regulatory requirements.

Qualification statements should include:

- 1) Firm's experience with similar projects in past five years with references & contact information
- 2) Team member's qualifications including those of sub-contractors
- 3) Schedule to complete the project by June 15, 2010
- 4) Special concerns or conditions. Additional criteria in the qualifications evaluation will include firm's relationship with SCDHEC & how the firm will coordinate services with the Commission staff.

Contact: Pickens County Purchasing at (864) 898-5921.

Qualifications statements are due January 7, 2009, by 2:00pm, & should be addressed to Mr. Steve Grant, Purchasing Director, Pickens County, 222 McDaniel Avenue, Pickens, SC 29671. Lengthy or elaborate proposals are not desired. The County reserves the right to select the most advantageous qualifications statement or reject all qualifications statements.

SURVEYING SERVICES FOR PICKENS COUNTY SANITARY SEWER LINE

REQUEST FOR QUALIFICATIONS

Pickens County is seeking qualified surveying firms to provide services for a proposed sanitary sewer line project. This project consists of approximately five miles of sewer line to be mapped with topographic survey work. The width of the topographical survey shall be a minimum of 40 feet. The firm selected will be responsible for all survey work associated with the procurement of easements along the route, wetland delineation for permitting purposes, & setting construction benchmarks at 500 foot intervals for vertical control of the project. Other surveying services required will be location of property lines, right-of-ways, stream crossings, fence lines, any improvement crossings, state & local road crossings with location of all utilities involved.

The Successful Firm Will Be Required to work closely with the engineering design firm for final selection of the route for the construction project. All surveying work for this project shall be in state plane coordinates, SCCPCS zone 3900, NAVD 83.

Please Return Qualifications to Pickens County Purchasing, 222 McDaniel Ave, Pickens, SC 29671. We will receive qualifications until 5:00pm, on January 8, 2009. Please mark on the outside of the envelope "Surveying Qualifications."
